

# Verified Execution: Done Log

---

## Stop Chasing Updates. Start Seeing Results.

---

### A 10-Minute Executive Briefing for Commercial Landscaping Leaders

---

#### SLIDE 1: The \$47,000 Question

---

## “What did your crews actually FINISH this week?”

---

Problem	Annual Impact
Callbacks from incomplete work	\$12,000+ in rework
Unbilled services (forgot to log)	\$18,000+ lost revenue
Manager time chasing updates	\$15,000+ in wages
Customer disputes without proof	\$8,000+ in credits
<b>TOTAL INVISIBLE LOSS</b>	<b>\$47,000+/year</b>

“We thought we were running tight. Turns out we were bleeding \$4K/month on work we couldn’t prove.” — Regional Landscaping Director, 45 crews

---

#### SLIDE 2: Your Crews Work Hard. Can You PROVE It?

---

##### What Your Current System Looks Like:

✗ End-of-day texts that say “all done” · ✗ Foremen marking jobs complete without verification · ✗ HOA complaints with no documentation · ✗ “He said / she said” with property managers · ✗ Crews claiming overtime you can’t validate

##### What Property Managers & HOAs Actually Want:

✓ **Proof** that contracted work was completed · ✓ **Timestamps** showing when crews arrived/finished · ✓ **Photos** before disputes escalate · ✓ **Accountability** they can trust

---

## SLIDE 3: Introducing Verified Execution

# Work Isn't Done Until Someone ELSE Says It's Done.

**Traditional:** Crew Leader: "I finished the irrigation repair." ✓ Done

**Verified Execution:** Crew Leader: "I finished the irrigation repair." → Foreman Reviews → **VERIFIED**  
✓ Now it's Done

### Why This Works:

1. **No self-verification** — Crews submit, supervisors confirm
2. **Built-in quality check** — Catch issues before customers do
3. **Legal-grade documentation** — Timestamped, verified, exportable
4. **Zero ambiguity** — Green means verified. Period.

## SLIDE 4: See It In Action — The Dashboard

The screenshot displays a web browser window with the URL `verifiedexecution.com/dashboard`. The page title is "Verified Execution: Done Log - Google Chrome". The dashboard features a blue navigation bar with the following items: "Verified Execution", "Paul J Hindelang (PM)", "Engineered Leaders... +2", "To-Do", "+ Outcomes", "Verify", "My Log", "Team Log", "Profile", "Admin", and "Super Admin".

The main content area is titled "Log Completed Work" with the subtitle "Record what's DONE and assign a verifier". The form includes the following fields and options:

- What was completed? \***: A text area for describing the work.
- Category \***: A dropdown menu with "Ops" selected.
- Impact \***: A dropdown menu with "Internal" selected.
- Time Spent (minutes) \***: A text input field containing "20".
- Cost (\$)**: A text input field containing "0.00".
- Verifier \***: A dropdown menu with "Select verifier..." selected.
- Visibility**: A toggle switch set to "Your Default".
- Team Visible**: A dropdown menu with "Private (My Log Only)" selected.
- Attachments**: A "Choose Files" button with "No file chosen" text.

The browser's taskbar at the bottom shows "Workspace 1" and the Google Chrome logo.

LOG COMPLETED WORK

What was completed?

Irrigation head replacement -  
 Zone 3, Building C. Replaced  
 4 damaged heads, tested zones

Attach Photos (before/after)  
 [ Submit Outcome ]

**Takes 30 seconds.** Snap photo, describe work, pick verifier. Done.

## SLIDE 5: The Verification Flow

The screenshot shows a web browser window with the URL `verifiedexecution.com/dashboard/verify`. The page title is "Verified Execution: Done | x +". The dashboard header includes navigation links for "Verified Execution", "Paul J Hindelang (PM)", "Engineered Leaders...", "To-Do", "Outcomes", "Verify", "My Log", "Team Log", "Profile", "Admin", and "Super Admin".

The main content area is titled "Verify Queue" with the subtitle "Review and verify completed work assigned to you". Below this, a large white box contains a clock icon and the text "No pending verifications" followed by "You're all caught up!".

At the bottom of the page, there is a quote: "People rarely succeed unless they have fun in what they are doing." — Dale Carnegie. The browser's address bar shows `https://verifiedexecution.com/dashboard/verify`. The taskbar at the bottom indicates the browser is "Workspace 1" and the active window is "Verified Execution: Done Log - Google Chrome".

✓ VERIFICATION QUEUE

"People rarely succeed unless they have fun in what they are doing." — Dale Carnegie

Workspace 1 Verified Execution: Done Log - Google Chrome

### ★ MY TOP 6 – This Week

- ★ Complete HOA common refresh
- ★ Finish irrigation audit Ph 2
- ★ Train new crew on safety
- ★ Submit bid for Parkview
- ★ Equipment maintenance - mowers
- ★ Meet property mgr (Building D)

📋 BACKLOG (23) ✓ DONE (8)

**The Rule:** No more than 6 priorities. **The Result:** Crews finish what matters.

## SLIDE 8: Real Results from Real Companies

### Commercial Property Maintenance Co. (38 crews)

Metric	Before	After 90 Days
Unbilled hours recovered	—	<b>\$4,200/month</b>
Customer disputes	8/month	<b>1/month</b>
Callback rate	12%	<b>3%</b>
Manager time on status updates	15 hrs/week	<b>2 hrs/week</b>
HOA contract renewals	72%	<b>94%</b>

“When we showed the HOA board a 47-page verified work log with photos, timestamps, and sign-offs... they signed a 3-year extension on the spot.”

## SLIDE 9: Setup in 15 Minutes

## Do What You Said You'd Do

The gap between intention and action costs us more than we realize. Lost trust. Missed opportunities. The quiet weight of things left undone.

Try our **Pro plan free for 14 days** — build your full team, experience real accountability, then choose what fits. No credit card. No pressure. Just results.

Start Pro Trial Free → Talk With Us First

14-day Pro trial • 15 team members • All features • No credit card needed

Your Wins This Week Verified

- ✓ Finished the proposal
- ✓ Had the conversation
- ✓ Kept the promise

### We All Know the Feeling

Good intentions aren't enough. The work happens in the doing, and doing is hard when nobody's watching—including ourselves.

Workspace 1 Verified Execution: Done Log - Google Chrome

**Step 1: Create Org (2 min)** — Company name, email, password. 14-day Pro trial, no card.

**Step 2: Add Team (5 min)** — Invite crew leaders, foremen, supervisors. Assign verification roles.

**Step 3: Start Logging (Immediate)** — First verified entry in under 60 seconds.

**Step 4: Show Clients (Day 7)** — Share verified reports. Watch their reaction. Ask about that multi-year contract.

---

## SLIDE 10: Simple, Transparent Pricing

Plan	Price	What You Get
<b>Basic</b>	<b>\$47/mo</b>	5 team members, unlimited entries, exports
<b>Pro</b>	<b>\$97/mo</b>	15 team members, priority support, analytics
<b>Enterprise License</b>	<b>\$2,997 once</b>	Unlimited users, lifetime access

**The Math:** One recovered unbilled hour = \$45-75 · One prevented callback = \$150-400 · One renewed contract = \$12,000-50,000/year

**ROI Timeline:** Most teams see positive return in Week 2.

---

## SLIDE 11: Your Competitors Are Already Moving

### What Property Managers Are Starting to Ask:

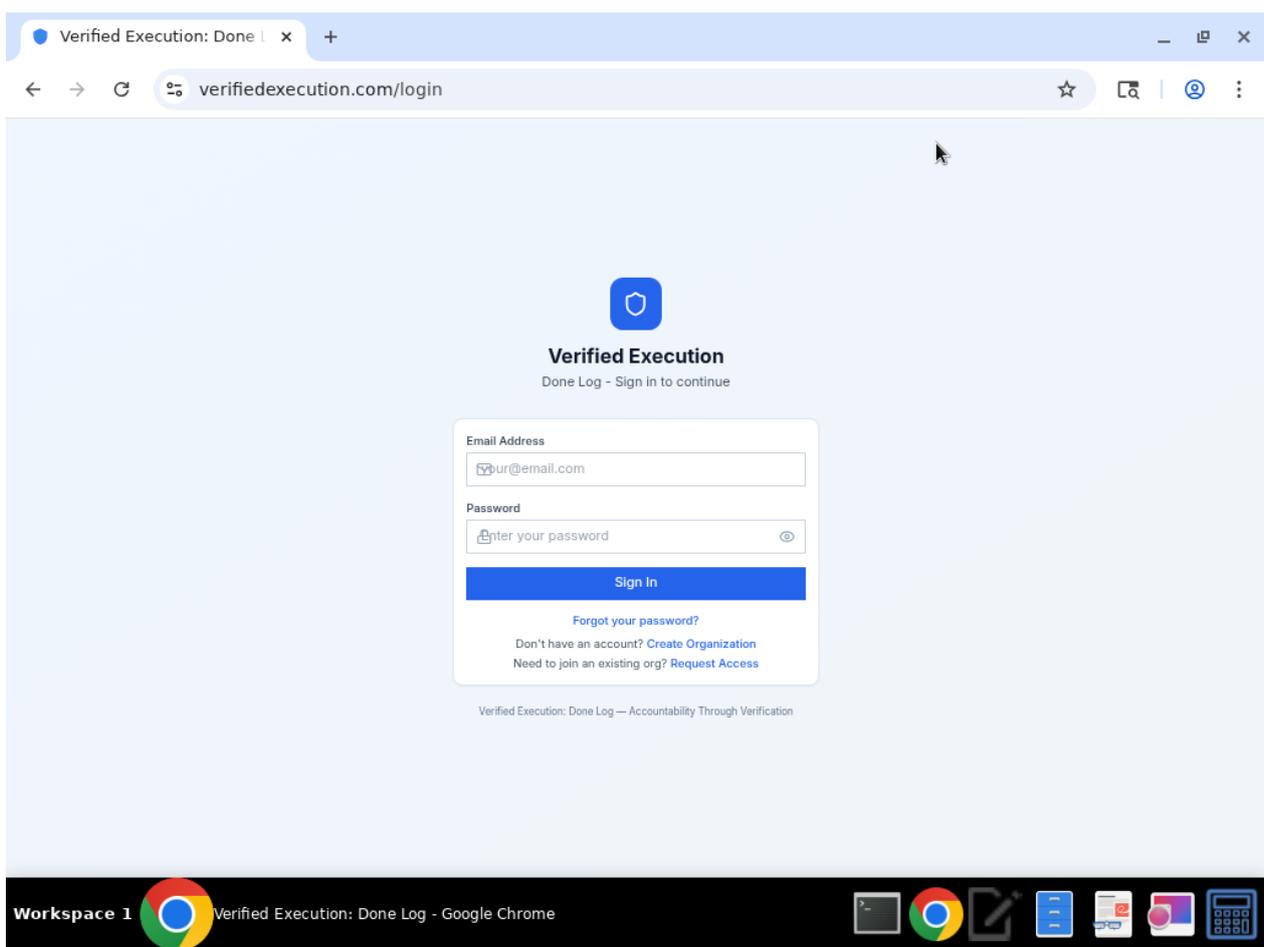

“Can you provide verified completion reports?” · “Do you have timestamped documentation?” · “How do you ensure quality control?”

**Companies That Can Answer “Yes”:** ✓ Win more bids · ✓ Retain contracts longer · ✓ Command higher rates · ✓ Scale faster

**Companies That Can’t:** ✗ Compete on price alone · ✗ Lose disputes they should win · ✗ Wonder why renewals slip

---

## SLIDE 12: Start Your Free Trial Now

### 14 Days. Full Features. No Credit Card.

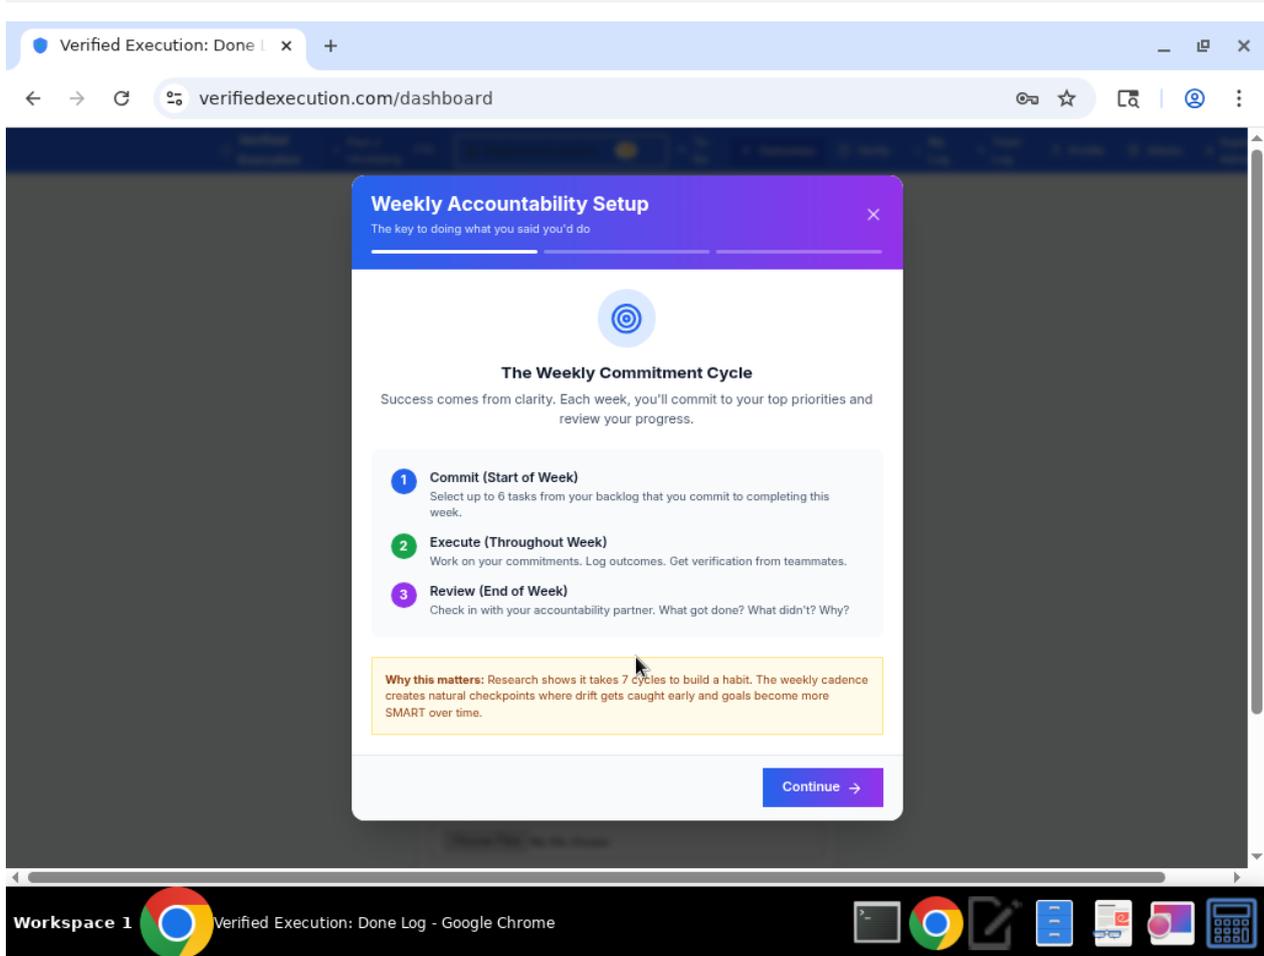

**By End of Week 1:**  Entire team onboarded ·  Verification workflow running ·  First exportable report for a client ·  Proof that this changes everything
